

# Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

## Safe and Inclusive School Plan

### Ensuring Positive Learning Environments

This year we are focusing on building positive peer to peer relationships.

We are doing this because our school climate survey results indicate that students do not feel they have positive, respectful relationships with one another.

**Throughout the year, we will be:**

1. Participating in activities to highlight diversity among our school population
2. Implementing a school wide focus on Restorative Practices to encourage positive dispute resolution
3. Increasing opportunities for both students and families to participate in activities to strengthen.

### Community/Home Connections

Ask your child about the Restorative Practices scenarios or information after our monthly assemblies.

Try using circles and restorative practices to meet as a family at home with your child.

Check out this [resource](#) or the [TVDSB website](#) about Restorative Mindset and Practices.
